DESCRIBE DISPLAY INCLUDE PROMOTIONAL ITEMS

POWER NEEDED? WHAT TYPE TO SUPPORT WHAT ITEM?

STEM CITY will be an exciting opportunity to host a variety of age-appropriate exhibits that encourage our future leaders and educate parents on STEAM activities by providing hands-on activities, exhibitions, and small competitions. Our purpose is to bring awareness through partnerships with area schools, technology centers, businesses, and other organizations to inspire young people in the field of science, technology, art and engineering that will encourage a STEAM mindset to pursue STEAM education and future employment. Air show hours on Saturday and Sunday will be 0800 – 1630. Displays are required to be operational both days for the duration of time. Location of all displays will be inside hanger building 3105 on the Tinker Flight Line. A 6-foot table and 2 chairs with pipe and drape background will be provided. Expected airshow attendance is 200,000 over the course of 2 days. All personnel who do not have a DoD identification card will be required to provide the following information in alphabetical order by Excel spread sheet by 0800 on 15 May 2025, to cmoler@cox.net. The purpose of this information is for the 72d Security Forces Squadron to conduct a background check so those persons may gain access to the installation for this event. No more than 6 people per display will be permitted.

Full name (Last name, First Name, middle initial), Social Security Number, valid driver’s license number & State of issuance and date of birth. If you do not have a valid driver’s license, a passport will suffice.

There is no parking on the ramp during the event. Vehicles will be permitted for drop off/display set-up on Friday. Due to the number of estimated attendees, there is no preferred parking except for Handicap personnel. The Air Force is not responsible for any damages or theft of displays. There is NO COST to the organization for this display. This event is open to the public and is free access. There is a Master Concessionaire for the event, some promotional items could interfere with the contract. Displays may not give away promotional items for free unless coordinated in writing and approved by 72d Force Support Squadron prior to 15 May 2025. No displays will be permitted to sell items. Unless currently contracted with the USAF, Colleges, Universities, Trade Schools may not recruit/solicit attendance. If your application is approved, location maps, how to access area and other information on how to get to the site will be provided in May.

Thank you for your consideration in supporting the *STEM City* for the Tinker Airshow!
With my signature I understand the requirements for consideration.
